

Estimation of Obesity Levels Based On Eating Habits and Physical Condition

Donated on 8/26/2019

This dataset include data for the estimation of obesity levels in individuals from the countries of Mexico, Peru and Colombia, based on their eating habits and physical condition.

Dataset Characteristics

Multivariate

Subject Area

Health and Medicine

Associated Tasks

Classification, Regression, Clustering

Feature Type

Integer

Dataset Information

Additional Information

This dataset include data for the estimation of obesity levels in individuals from the countries of Mexico, Peru and Colombia, based on their eating habits and physical condition. The data contains 17 attributes and 2111 records, the records are labeled with the class variable NObesity (Obesity Level), that allows classification of the data using the values of Insufficient Weight, Normal Weight, Overweight Level I, Overweight Level II, Obesity Type I, Obesity Type II and Obesity Type III. 77% of the data was generated

synthetically using the Weka tool and the SMOTE filter, 23% of the data was collected directly from users through a web platform.

Variables Table ^

Variable Name	Role	Type	Demographic	Description	Units	M
Gender	Feature	Categorical	Gender			r
Age	Feature	Continuous	Age			r
Height	Feature	Continuous				r
Weight	Feature	Continuous				r
family_history_with_overweight	Feature	Binary		Has a family member		r

Variable Name	Role	Type	Demographic	Description	Units
				suffered or suffers from overweight?	
FAVC	Feature	Binary		Do you eat high caloric food frequently?	r
FCVC	Feature	Integer		Do you usually eat vegetables in your meals?	r
NCP	Feature	Continuous		How many main meals do you have daily?	r
CAEC	Feature	Categorical		Do you eat any food between meals?	r
SMOKE	Feature	Binary		Do you smoke?	r
CH2O	Feature	Continuous		How much water do you drink daily?	r

Variable Name	Role	Type	Demographic	Description	Units	
SCC	Feature	Binary		Do you monitor the calories you eat daily?		r
FAF	Feature	Continuous		How often do you have physical activity?		r
TUE	Feature	Integer		How much time do you use technological devices such as cell phone, videogames, television, computer and others?		r
CALC	Feature	Categorical		How often do you drink alcohol?		r
MTRANS	Feature	Categorical		Which transportation do you usually use?		r
NObeyesdad	Target	Categorical		Obesity level		r
